

PPRM Statement on the Tariff Codes for polyester resins

In view of the legislation applicable and in order to clarify this matter to avoid any error, please note:

The TARIC no. for polyester resins is 3907 9980 (Other), as per the official TARIC database of the European Commission.

The H.S. classification codes are the same around the world for the first six digits only. The remaining four digits vary from country to country.

What is 3907.99.80 in Europe is not the same in other countries. Examples:

- US: 3907.99.50.50 (Other)
- China: 3907.99.99.90 (Other)
- Malaysia: 3907.99.90.90 (Other)
- Thailand 3907.99.90 (Other)
- Taiwan: 3907.99.90.00.1 (Other)

(Source: European Commission Directorate-General for Trade)

As a consequence, the correct codes to be used are the above mentioned H.S. classification codes.
